

Sweet Biscuits

Ingredients:

-Homemade or canned biscuits -3 Tbsp Butter -1/3 Cup Sugar -1/2 Tbsp Cinnamon

Cook:

Arrange biscuits in a pie tin or on a baking sheet. Bake according to recipe or can. While the biscuits bake prepare the glaze. In the microwave or in a sauce pot melt the butter. When the butter is melted add the sugar and cinnamon. Heat until everything is combined and warmed, you should still see sugar granules. About 5 minutes before the biscuits are done spoon the glaze on top of the biscuits and continue cooking until done. Then serve and enjoy!
